Re 0971900001 - Lake County  
Waukegan/Yorkhouse Landfill (run #1)  
Compliance File

Dear Doug

I am in receipt of your letter of November 30, 1988 regarding the Yorkhouse landfill located in Waukegan Illinois

I have reviewed the letter that you sent to the attorneys for the City and the Park District as well as their responses

As far as determining the intent of the Stipulation and Judgment Order that was entered on May 25, 1988, Matt Dunn of your office would be the person to consult Matt was involved in drafting that document

The Stipulation and Judgment Order, as you stated in your letter of October 13, 1988 to John Schultz and William Rosing, does require the City and Park District to submit a final grading plan, a landscaping plan, a plan for the installation of groundwater monitoring wells and a groundwater monitoring well sampling plan for the Yorkhouse site These plans were to be submitted to the Attorney General's office as well as to the IEPA for approval I checked our files in the Maywood office for both the Yorkhouse and Adelphi sites to see if any of the information had been submitted since the Court Order was entered on May 25, 1988 The Maywood files for the Yorkhouse and Adelphi sites did not include any of the documents required to be submitted to the Agency for approval I also checked with the groundwater people in the Agency's Maywood and Springfield offices and they told me that nothing had been submitted for either site

If you have any questions, give me a call

Sincerely yours,

Paul R Jagiello
